# Wolf Pack Origami

You will need:

- Square piece of paper – any color or size (the thinner the paper the better)
- Markers

Optional:

- Wiggly eyes
- Glue
- Scissors

Directions:

1. If needed, cut your paper to make it a square. Turn the paper so one corner is pointing towards you and bring the corner closest to you up to the corner furthest from you and crease to make a triangle.
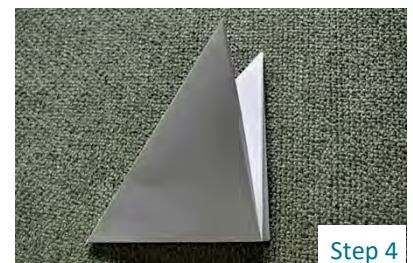

Step 1

2. Keep the fold of the triangle towards you and take the right side corner and fold over to meet the left side corner.

Step 2

3. Take the uppermost corner of the two left corners and fold it up to meet the corner furthest away from you.

Step 3

4. Flip the paper over and fold the right corner up to the top corner like in step 3. One side of your new triangle should look like a "W".

Step 4

5. Fold over the side with the "W" about ½-1".

Step 5

6. Take the top piece of the fold over you just made and open it up.

Step 6

7. Fold down the center point at the top to make the face of the wolf.

Step 7

8. Fold over the left corner about ½-1" to make the tail of the wolf.

Step 8

9. Decorate your wolf as little or as much as you want and repeat as many times as you would like to make your own wolf pack!

Step 9

10. Show us your wolf pack on our Facebook page "Adventures in EdZOOcation" or tag the North Carolina Zoo at #NCZOO or #NCZOOED.
