

Complete this worksheet during the live event on Wednesday, November 18th at 10:00 am EST.

1. Outline Tanzania on the map.
2. Draw the original range of giraffes.
3. Write the names of the different types of giraffes.
4. Star the species of giraffe that Jessica is researching.
5. Bonus: Ask Jessica a question about giraffes or giraffe research. Write the question and answer below (we may not be able to answer all questions live but will try to type in the answer before the program is over.

Complete this worksheet during the live event on Wednesday, November 18th at 10:00 am EST.

Draw a picture of a white-backed vulture with it's tracking backpack and size reference.

Put this food web together: lion, vulture, grass, gazelle

How much money does Corinne say a farmer loses when one of their cows die?

Corinne compares Swoops journey to the distance between these two countries.

Reflect on the human and wildlife conflict between vultures and farmers in Tanzania by writing a couple sentences supporting each side of the debate. How would you help solve this conflict?
