

Directions:

1. Watch the Zoo's video about food webs and the Arctic Ocean
2. Fill out the worksheet below using the words in the word bank
3. Draw arrows from the animal to the food it eats to complete the web

Word Bank

- | | |
|--------------------|--------------------|
| 1st level consumer | 2nd level consumer |
| 3rd level consumer | Primary producer |
| apex predator | |

polar bear

seal

cod

krill

ice algae

Check your answers below!

- Algae (phytoplankton) derives its energy from the sun which makes it a producer
- While I used 1st—3rd Level to describe the consumers, you can also use the following words to describe them: primary, secondary, and tertiary
- Polar bears are apex predators
